PROJECTS

PortFolio [\[Link\]](#)

March 2023

I utilized HTML, CSS, and JavaScript to both create and design the website. Within the website, I incorporated a form that allows users to input their information and send it to me. Additionally, I integrated an **Excel sheet using JavaScript to retrieve data**. I ensured that the website is fully responsive, enabling it to be accessed seamlessly from any device. Furthermore, I created a resume and included it in my portfolio.

Skills: HTML, CSS, JavaScript.

Weather App

September 2023

These projects serve as a practical demonstration of using HTML, CSS, JavaScript, and Node.js to create **dynamic** and user-friendly weather applications. The core functionality is achieved by integrating the **OpenWeatherMap** global services **API**.

Skills: HTML, CSS, JavaScript, Node.js.
